Columbia, MD 21044

Dear Enterprise Community Partners/Thome Aging Well Program:

On behalf of Bike Maryland, I write in support of Cycling Without Age's (CWA's) application for the Innovative Approaches Serving Older Adults grant. We believe CWA's program, Regeneration, will have a positive impact for low-income seniors in Maryland.

Through this letter, we acknowledge our interest in supporting CWA, for our community to enjoy the benefits of trishaw rides. We share CWA's goal of supporting access to bicycling and the benefits it brings low-income seniors, including those living in affordable housing, and the volunteers piloting the trishaws. We strongly support CWA's guiding principles of generosity, slowness, storytelling, relationships, and without age, and its work to help people age with health, joy, and dignity.

Bike Maryland strives to promote bicycling, increase safety, improve conditions, and provide a voice for bicyclists in Maryland. We work with partnering advocacy organizations, state and local government, universities, businesses, and communities to make bicycling a safe form of transportation and a fun recreational opportunity for all.

Through this letter, we acknowledge our ability to support CWA in Maryland through our network connections with bicycle organizations and clubs throughout the state.

We look forward to CWA expanding its work, through your grant program, to provide access to its wonderful program to low-income seniors in Maryland.

Sincerely,

Nigel Samaroo, MPH
