

Ole Kassow  
Founder, Cycling Without Age  
Otto Busses Vej 5, 1.,  
2450 Copenhagen SV, Denmark

Dear Mr. Kassow,

Thank you for this opportunity to work together to expand access to Cycling Without Age to older adults across Maryland and Michigan. This letter affirms our commitment to collaborate with Cycling Without Age on the proposal you are submitting, the Cycling Without Age Regeneration Program.

Cycling Without Age works to help everyone enjoy a bike ride again, regardless of age and ability by using a unique tool: a three-wheeled adaptive bike called a tri-shaw. This tool helps promote relationships, reduce social isolation, and improve quality of life by helping all individuals have access to feeling "the wind in their hair". We are particularly excited about this project as it would expand access to cycling for low-income older adults who may not otherwise be able to participate in such an activity.

LeadingAge Maryland represents more than 95 affordable senior housing communities across the state. Through this network of members, we will convene meetings and share information to help older adults living in affordable senior housing have access to this innovative program.

We strongly support your proposal and are hopeful that Enterprise will fund your proposal and have full confidence in the talent and capacity your team brings.

Sincerely,

A handwritten signature in black ink, reading "Allison Roenigk Ciborowski". The signature is fluid and cursive, with the first name "Allison" being more prominent.

Allison Roenigk Ciborowski, President and CEO
